© Department of Mineral Resources 1987

The information contained in this report has been obtained by the Department of Mineral Resources as part of the policy of the State Government to assist in the development of mineral resources and furtherance of geological knowledge. It may not be published in any form or used in a company prospectus, document or statement without the permission in writing of the Under Secretary, Department of Mineral Resources Sydney.
ABSTRACT

This report presents a listing of all Department of Mineral Resources' (formerly New South Wales Department of Mines to October 1978) publications and unpublished publications from 1875 to 1994. The list includes Annual Reports, Bulletins, Coal Industry Profile, Coal Strategy, Explanatory Notes, Memoirs, Metallogenic Mine Data Sheets and Studies, Mineral Industry Review, Mineral Industry Series, Mineral Resources Series, Minfo, Miscellaneous Publications, Brochures, 'How To' Brochures, Gold Deposits Maps, Progress Reports, Promotional Booklets, Quarterly Notes, Records, Reports and Technical Reports.

The report was first updated in 1985 and this second update was completed in April 1994.

All items can be accessed through the Mineral Resource Library or online through the DIGS report viewer

**BULLETINS**

1. Tin. (E.J. Kenny, 1922)
2. Silver, Lead, Zinc. (E.J. Kenny, 1923)
3. Copper. (E.J. Kenny, 1923)
6. The Coal Resources of New South Wales. (The staff of the Geological Survey, 1925)
7. Gold. (E.J. Kenny, 1924)
(Bulletins cont.)

8 Aluminium (Alunite and Bauxite). (L.F. Harper, 1924)
9 Limestone, Dolomite, Lime, and Hydraulic Cement. (L.J. Jones, 1925)
10 Silica. (L.F. Harper, 1924)
11 Cadmium and Mercury, or "Quicksilver". (E.J. Kenny, 1924)
12 Coke. (L.F. Harper). Notes on By-products. (H.P. White, 1924)
13 Chromium, Cobalt, Nickel. Zirconium, Titanium Thorium, Cerium. (H.G. Raggatt, 1925)
14 Asbestos, Emery, Fluorspar, Fuller's Earth, Graphite, Phosphates, Talc, and Soapstone. (H.G. Raggatt, 1924)
16 Barytes, Ochres, and Oxides. (H.G. Raggatt, 1925)
18 The Botany Basin. (R.J. Griffin, 1963)
20# Geology of the Western Blue Mountains. (R. Goldbery, 1972)
21# Mining History of the Silver, Lead, Zinc, and Copper Mines of the Broken Hill District to 1939, excluding the Main Line of Lode. (K.J. Dickinson, 1972)
22# Geology and Coal Resources of the Southern Catchment Coal Reserve, Southern Sydney Basin, New South Wales. (M.R. Bunny, 1972)
23# Mining History of the Tumbarumba Gold Field. (J.L. Willis, 1972)
24# Mining History of Gold Deposits of the Far South Coast, New South Wales. (J.L. Willis, 1973)
25# The Geology and Resource Potential of the Wianamatta Group. (C. Herbert, 1979)
(Bulletins cont.)

27# Eustasy in the Australian Early and Middle Cretaceous. (R. Morgan, 1980)

28# Non-Metallic and Tin Deposits of the Broken Hill District. (S.R. Lishmund, 1982)

29# The Silurian System in New South Wales. (J.W. Pickett, 1982)

32# Metallogenic Studies of the Broken Hill and Euriowie Blocks, New South Wales:

COAL STRATEGY

2 New South Wales Coal Strategy 1981. Report prepared for the New South Wales Government by the Coal Resources Development Committee, 1981. (Published by the Department of Mineral Resources)

3 New South Wales Coal Strategy Study 1983. Report prepared for the New South Wales Government by the Coal Resources Development Committee, 1983. (Published by the Department of Mineral Resources)

   Volume 1 Strategic Plan (1983)

EXPLANATORY NOTES

1:100,000 SHEET

Geology of the Berridale 1:100,000 Sheet 8625 (map not included). (A.J.R. White, I.S. Williams, B.W. Chappell, 1977)

Geology of the Braidwood 1:100,000 Sheet 8827 (map not included). (E.A. Felton, 1977)

# Geology of the Bobadah 1:100,000 Sheet 8233 (map not included). (E.A. Felton, 1977)

# Geology of the Camberwell, Dungog and Bulahdelah 1:100,000 Sheets 9133, 9233, 9333. (J. Roberts, B. Engel and J. Chapman).

# Geology of the Canbelego 1:100,000 Sheet 8134 (map not included). (E.A. Felton, 1981)

# Geology of the Cobar 1:100,000 Sheet 8035 (map not included). (E.A. Felton, 1981)

# Geology of the Cootamundra 1:100,000 Sheet 8528 (map not included). (R.E. Winchester, J. Adrian, D.S.L. Clift, H. Basden, 1978)

# Geology of the Drake 1:100,000 Sheet 9340 (map included). (J. Thompson, 1976)

# Geology of the Kilparney 1:100,000 Sheet 8132. (S.J. Trigg).

# Geology of the Lachlan Downs 1:100,000 Sheet 8033 (G.P. MacRae 1989).

# Geology of Michelago 1:100,000 Sheet 8726 (S.J. Richardson).
(Explanatory Notes cont.)

# Geology of the Mount Allen 1:100,000 Sheet 8032. (E. Scheibner).

# Geology of the Narooma 1:100,000 Sheet 8925 (L.E. Chalker and C.S. Bembrick, 1977).

# Geology of the Numbla 1:100,000 Sheet 8624 (A.J.R. White, B.W. Chappell, 1989).

# Geology of the Nymagee 1:100,000 Sheet 8133 (G.P. MacRae)

# Geology of the Penrith 1:100,000 Sheet 9030 (D.C. Jones and N.R. Clark, 1991).

# Geology of the Sydney 1:100,000 Sheet 9130 (C. Herbert, 1983).

# Geology of the Taralga 1:100,000 Sheet 8829 (map included). (E. Scheibner, 1973)

# Geology of the Torrowangee and Fowlers Gap 1:100,000 Sheets 7135, 7235 (map not included). (P.F. Cooper, K.D. Tuckwell, L.B. Gilligan, and R.M.D. Meares, 1978)

# Geology of the Tumut 1:100,000 Sheet 8527 (map not included). (H. Basden).

# Geology of the Wollongong and Port Hacking 1:100,000 Sheets 9029, 9129, (Edited by L. Sherwin).

# Geology of the Wrightville 1:100,000 Sheet 8034. (R.A. Glen).

# Geology of the Yass 1:100,000 Sheet 8628 (map not included). (J.N. Cramsie, D.J. Pogson, and C.J. Baker, 1978)

EXPLANATORY NOTES

1:50,000 SHEET

Geology of the Wollongong, Kiama, and Robertson 1:50,000 Sheets 9029 II, 9028 I & IV (maps included). (H.N. Bowman, 1974)

EXPLANATORY NOTES

1:1,000,000 SHEET

Explanatory Notes on the Tectonic Map of New South Wales (maps not included). (E. Scheibner, 1976)
MEMOIRS

ETHNOLOGY

1 Aboriginal Carvings of Port Jackson and Broken Bay. (W.D. Campbell, 1899)

3 The Dendroglyphs, or "Carved Trees" of New South Wales. (R. Etheridge Jnr., 1918)

GEOLOGY

1 Geology of the Vegetable Creek Tin-mining Field, New England District, New South Wales. (T.W.E. David, 1887)

2 The Iron Ore Deposits of New South Wales. (J.B. Jaquet, 1901)

3 The Kerosene Shale Deposits of New South Wales. (J.E. Carne, 1903)

4 The Geology of the Hunter River Coal Measures, New South Wales. (T.W.E. David, 1907)

5 Geology of the Broken Hill Lode and Barrier Ranges Mineral Field, New South Wales. (J.B. Jaquet, 1894)

6 Geology and Mineral Resources of the Western Coalfield. (J.E. Carne, 1908)

7 Geology and Mineral Resources of the Southern Coalfield. Part I - The South Coastal Portion. (L.F. Harper, 1915)

8 The Geology of the Broken Hill District. (E.C. Andrews, 1922)

10 The Copper Ores of the Cobar Region, New South Wales. (E.O. Rayner, 1969)

11 Base Metal Mineralisation at Mineral Hill Central Western New South Wales. (L. McClatchie, 1971)

PALAEONTOLOGY

1 The Invertebrate Fauna of the Hawkesbury-Wianamatta Series of New South Wales. (R. Etheridge Jnr., 1888)

2 Contributions to the Tertiary Flora of Australia. (C. Von Ettinghausen, 1888)

3 Geological and Palaeontological Relations of the Coal and Plant-bearing Beds of Palaeozoic and Mesozoic Age in Eastern Australia and Tasmania; with Special Reference to the Fossil Flora. (O. Feistmantel, 1890)

4 The Fossil Fishes of the Hawkesbury Series at Gosford. (A.S. Woodward, 1890)

7 Descriptions of the Palaeozoic Fossils of New South Wales. (The latter L.G. De koninck, translated by T.W.E. David, Mrs David and W.S. Dun, 1898)

8 The Mesozoic and Tertiary Insects of New South Wales. (R. Etheridge Jnr., and A.S. Olliff, 1890)

10 The Fossil Fishes of the Talbragar Beds (Jurassic). (A.S. Woodward, 1895)

12 A Monograph of the Cretaceous Invertebrate Fauna of New South Wales. (R. Etheridge, Jnr., 1902)

(Memoirs cont.)

17 Middle and Upper Palaeozoic Sponges from New South Wales. (J.W. Pickett, 1969).

19 Palynostratigraphy of the Australian Early and Middle Cretaceous. (R. Morgan, 1980).

20 Permian Foraminifera of the Sydney Basin. (V. Scheibnerova, 1982).

METALLOGENIC MINE DATA SHEETS AND STUDIES 1:250,000 AND 1:500,000

BATHURST

# Mine Data Sheets to accompany Metallogenic Map, Bathurst 1:250,000 Sheet (not including map). (B.P.J. Stevens, 1972).

# A Metallogenic Study of the Bathurst 1:250,000 Sheet (not including map). (B.P.J. Stevens, 1975).

BEGA

BOURKE

# Metallogenic Study and Mineral Deposit Data Sheets: Bourke 1:250,000 Metallogenic Map SH/5510. (J.G. Byrnes, 1993) (Not including map).

CANBERRA

# Part I. Mine Data Sheets to accompany Metallogenic Map, Canberra 1:250,000 Sheet (not including map). (L.B. Gilligan, 1975).
CARGELLIGO - NARRANDERA

# Mine Data Sheets and Metallogenic Study (not including map). (J.P. Heugh, 1980).

COOTAMUNDRA

# Mine Data Sheets and Metallogenic Study (not including map). (K.R. Fitzpatrick, 1979).

DORRIGO-COFFS HARBOUR

DUBBO

FORBES

# Mine Data Sheets and Metallogenic Study (not including map). (H.N. Bowman, 1977).

GOULBURN

# Part I - Mine Data Sheets to accompany Metallogenic Map, Goulburn 1:250,000 Sheet. 1975

MANILLA-NARRABRI

NARROMINE

# Narromine 1:250,000 Metallogenic Map, SI/55-3 Mine Data Sheets and Metallogenic Study. (H.N. Bowman, S.J. Richardson and J. Dolanski, 1982).
NYMAGEE

SYDNEY

# Sydney 1:500,000 Metallogenic Map, Mine Data Sheets (not including map). (G.R. McIlveen, 1980).

TAMWORTH–HASTINGS

ULLADULLA

# Part I - Mine Data Sheets to accompany Metallogenic Map, Ulladulla 1:250,000 Sheet 1975.

# Part II - A Metallogenic Study of the Ulladulla 1:250,000 Sheet (not including map). (G.R. McIlveen, 1975).

WAGGA WAGGA

# Wagga Wagga 1:250,000 Metallogenic Map, SI/55-15, Mine Data Sheets and Metallogenic Study (not including map). (P.R. Degeling, 1982).

MINERAL INDUSTRY REVIEW

(Mineral Industry Review cont.)

MINERAL INDUSTRY SERIES

19# Gemstones (2nd ed.). (A.A. McNevin and G.G. Holmes, 1980)
23 (2) Dolomite. (J. Ringis, 1965).
30 Oil Shale. (S.R. Lishmund, 1974).
(Minerals Industry Series cont.)

43 Uranium. (J.L. Willis and B.P.J. Stevens).

MINERAL RESOURCES SERIES

1 Notes on Chromic Iron Ore. (J.E. Carne, 1898).
2 Notes on the Occurrence of Tungsten Ores in New South Wales. (J.E. Carne, 1898).
3 Notes on Gold Dredging. (J.B. Jaquet, 1899).
4 Notes on the Occurrence of Bismuth Ores in New South Wales. (J.A. Watt, 1898).
(Minerals Resources Series cont.)

14 The Tin-mining Industry and the Distribution of Tin Ores in New South Wales. (J.E. Carne, 1911).

15 The Tungsten-mining Industry in New South Wales. (J.E. Carne, 1912).

29 The Geology and Mining Developments of the Ardlethan Tin Field. (L.F Harper, 1919).

31 Notes on Petroleum and Natural Gas, and the Possibilities of their Occurrence in New South Wales. (L.J. Jones, 1921).

34 A Contribution to the Mineralogy of New South Wales. (G. Smith, 1926).

37 The Coal Resources of the Southern Portion of the Maitland-Cessnock Cessnock-Greta Coal District. (Northern Coalfield). (L.J. Jones, 1939).

45# Bentonite and Fullers Earth in New South Wales. (G.G. Holmes, 1983).

46# Diatomite in New South Wales. (G.G. Holmes, C. Stanley, and V. Sweeney).

PROGRESS REPORTS

3 Drilling in the State Coal Reserve southern catchment area - DM Wollongong 8A. (P. Le Messurier and D.O. Shatwell, 1963).
(Progress Reports cont.)

4 Drilling in the State Coal Reserve southern catchment area - DM Wollongong 2. (P. Le Messurier and D.O. Shatwell, 1965).

5 Drilling in the State Coal Reserve southern catchment area - DM Wollongong 13. (P. Le Messurier and D.O. Shatwell, 1965).

6 Drilling in the State Coal Reserve southern catchment area - DM Wollongong 80. (P. Le Messurier and D.O. Shatwell, 1968).

8 Drilling in the State Coal Reserve southern catchment area - DM Wollongong 20. (P. Le Messurier et al, 1965).

9 Drilling in the State Coal Reserve southern catchment area - DM Wollongong 36. (P. Le Messurier, 1968).

10 Drilling in the State Coal Reserve southern catchment area - DM Wollongong 31. (P. Le Messurier, 1967).

11 Drilling in the State Coal Reserve southern catchment area - DM Wollongong 32. (P. Le Messurier, 1968).

16 Drilling in the State Coal Reserve southern catchment area - DM Wollongong 64. (C.R. Weber, 1969)

19 Drilling in the State Coal Reserve southern catchment area - DM Wollongong 10. (P. Le Messurier, 1968).

22 Drilling in the State Coal Reserve southern catchment area - DM Wollongong 15. (P. Le Messurier, 1968).

(Progress Reports cont.)

26 Drilling in the State Coal Reserve southern catchment area - DM Wollongong 22. (T. Dickson, M. Bunny and P. Le Messurier, 1970).

31 Drilling in the State Coal Reserve southern catchment area - DM Wollongong 27. (P. Le Messurier, 1969).

35 Drilling in the State Coal Reserve southern catchment area - DM Wollongong 34. (P. Le Messurier, 1968).
PROMOTIONAL BOOKLETS (UNPUBLISHED)

A Guide to Department of Mineral Resources Coal Drilling Programmes in the Hunter Coalfield. (S.J. Richardson). (CGB 1984-004, GS1984/256)

Cobar Field Conference, December 1985

Dorrigo-Coffs Harbour Field Workshop, April 1986

Future Prospects for Opal Mining in the Lightning Ridge Region. (J.J. Watkins) (GS1985/119)

# Geology of the Cooma Region (R.A. Glen & P.C Lewis 1994)

# Minfo Exploration Summaries. (Compiled by G.R. Brookes) (GS1992/254) (September No.1 1993)

Non-traditional Minerals of New South Wales (2nd edn).

Proceedings of Seminar on Natural Zeolites in New South Wales. (GS1987/146)

Summary of the Geology and Control of Mineralisation in the Cobar Region. (R.A. Glen, G.P. MacRae, D.J. Pogson, E. Scheibner, A. Agostini and L. Sherwin. (GS1985/203)

PETROLEUM DATA PACKAGES

# Darling Basin

# Gunnedah Basin
QUARTERLY NOTES

1 Age of the Billabong Creek Limestone. (L. Sherwin, 1970)

2 Age of the Windellama Limestone. (J. Pickett and M. Huleatt, 1971)

3 Sources of sapphires in New England district, New South Wales. (A.A. MacNevin, 1971)

The Upper Precambrian Adelaidean of the Broken Hill area - A new subdivision. (P.F. Cooper and K.D. Tuckwell, 1971)

Correlation of Silurian rocks in the Braidwood and Captains Flat districts. (M.B. Huleatt, 1971)

Pre-Upper Cambrian sediments east of Copper Mine Range, New South Wales. (D.J. Pogson and E. Scheibner, 1971)

Preliminary report on copper lodes in the Tottenham and Albert areas, central western New South Wales.

5 Relationship of the Clyde Coal Measures to the Pigeon House Creek Siltstone, southern Sydney Basin. (R.J. Helby and C. Herbert)

The term tillite and the Australian Code of Stratigraphic nomenclature. (P.F. Copper, 1971)

6 New stratigraphic units from the Forbes district. (L. Sherwin, 1971)

Ordovician Graptolite - Conodont associations from the Goulburn district. (L. Sherwin, 1971)

Further occurrences of the Nile Sub-Group. (C.S. Bembrick and G.G. Holmes, 1971)

7 The Kanmantoo Pre-Cratonic Province in New South Wales. (E. Scheibner, 1972)

Stratigraphy and structure of the Grose Sandstone in the Blue Mountains. (C.S. Bembrick and W.N. Holland, 1972)

8 An area/subject system for computer storage and retrieval of geological reports. (J. Adrian, 1972)

The Peel Thrust and its tectonic history. (E. Scheibner and R.A. Glen, 1972)
9# The Coila Basalt. (C.S. Bembrick, 1972)

Geochemical sampling of the ironstone at Corona, Broken Hill district. (L.B. Gilligan, 1972)

10# Possible Mississippi Valley-type deposits at Cooleman, southeastern New South Wales. (L.B. Gilligan, 1973)

Striated pebbles from the Late Precambrian Adelaidean. (P.F. Cooper, 1973)

Igneous rocks associated with ultramafics along the Peel Thrust, New South Wales. (R.A. Glen and J.P. Heugh, 1973)

12# A bibliographic information storage and retrieval system for geological reports. (D.S.L. Clift & P. Michie, 1973)

Possible Cretaceous dispersal routes for Austral foraminifera. (V. Scheibnerova, 1973)

13# Siluro-Devonian strata east of Wyalong. (L. Sherwin, 1973)

A note on the terminology of ancient glaciogenic and similar nonglaciogenic sedimentary rocks and on their use in formal stratigraphic nomenclature. (K. Rankama, 1973)

Preliminary interpretation of continental shelf sediments, Narooma 1:100,000 Sheet. (C.S. Bembrick, 1973)

14 Progress report on the eastern Lachlan Fold Belt metallogenic mapping project. (H.N. Bowman, 1974)

The Lachlan River Lineament and its relationship to metallic deposits. (E. Scheibner & B.P.J. Stevens, 1974)

15# Abstracts from seminar on storage and retrieval of geological information with particular reference to computer systems.

Preliminary report on the geology of the Cootamundra 1:100,000 Sheet. (H. Basden, 1974)
(Quarterly Notes cont.)

16 A structural subdivision of the Surat Basin in the Warialda area. (D.J. Bourke, 1974)

Revised stratigraphic nomenclature for the Yass 1:100,000 Sheet. (D.J. Pogson and C.J. Baker, 1974)

16 Implications for New South Wales of a new model for porphyry copper deposits. (B.P.J. Stevens, 1974)

17# A new Ordovician graptolite locality east of Tarago, New South Wales. (E.A. Felton and L. Sherwin, 1974)

The Torrington silexite deposits. (S.R. Lishmund, 1974)

Stratigraphic revisions in the Tarago-Woodlawn-Mount Fairy area. (E.A. Felton, 1974)

Dual pipe reverse circulation drilling, Oaklands Basin drilling program. (G. Palese, 1974)

18# Recent evidence for the age of Great Australian Basin Cretaceous sediments in New South Wales. (J. Byrnes, R. Morgan and Viera Scheibnerova, 1975)

Glaciation and the Benambran Orogeny. (L. Sherwin, 1975)

19# Scope of major project A17-disseminated copper deposits of the northeastern part of the Lachlan Fold Belt. (H.N. Bowman, 1975)

20# Revised stratigraphy of the Cobar-Gunderbooka area. (C.J. Baker, B.L. Schmidt and L. Sherwin, 1975)

21# A summary of the geology of the Michelago 1:100,000 Sheet. (S.J. Richardson, 1975)

Correlation of foraminiferal and palynological datum horizons, zones, and subzones in the Cretaceous of the Great Australian Basin. (V. Scheibnerova, 1975)

Early Silurian graptolites near Bredbo. (S.J. Richardson and L. Sherwin, 1975)

22# Trace fossils in the Cobar Group and time equivalent formations. (L. Sherwin, 1976)

23# Goulburn Valley coal drilling. (G.G. Holmes, 1976)
24# Eocene microfloras from the eastern Murray Basin, New South Wales. (W.K. Harris and R. Morgan, 1976)

25# The construction material resources of the Mittagong-Moss Vale area. (V. Gobert, 1976)

27# Correlation of Cretaceous lithostratigraphic, lithological, palynological, and foraminiferal units in the Great Australian Basin. (V. Scheibnerova and J.G Byrnes, 1977)

28# The Mount Boppy gold mine: An unusual type of gold deposit. (L.B. Gilligan, 1977)

29# Stratigraphy and palynology of the Oaklands Basin, New South Wales. (R. Morgan, 1977)

30# Reinterpretation of "pegmatite" in the Centennial-Allendale portion of the Broken Hill Block. (B.P.J. Stevens, 1978)

31# Further evidence for the age of the Sofala Volcanics. (J. Pickett, 1978)

32# Proposed nomenclature for the Cainozoic sediments of the Penrith-Windsor area. (V. Gobert, 1978)

(Quarterly Notes cont.)

34# Large-scale early folding and tectonic levels in the north-western part of the Willyama Complex, New South Wales. (G.J. Corbett and R.A. Glen, 1979) (Discussion and Reply)

Some base metal deposits in the Mount Robe area, Broken Hill: Their classification and relevance to lead isotope interpretation. (R.G. Barnes, 1979)

35# Palynomorphs in Mesozoic volcanoes of the Sydney Basin. (R. Helby and R. Morgan, 1979)

Age of the Nungaloo Volcanics, near Parkes. (L. Sherwin, 1979)

36# The Mulga Downs Group and its relation to the Amphitheatre Group southwest of Cobar. (R.A. Glen, 1979)

New Early Permian fossil localities at Halls Peak and their regional significance. (D.R. Degeling and R. Runnegar, 1979)

37 The Nundle gold field, New South Wales. (C.R. Weber, 1979)

38# Narrabeen Group at North Head, Port Jackson. (C. Herbert, 1980)

39# Faunal correlation of the Siluro-Devonian units, Mineral Hill - Trundle - Peak Hill area. (L. Sherwin, 1980)

40# Prospects for oil shale in the Eromanga Basin, New South Wales. (C. Herbert, 1980)

41# Weathering of Hawkesbury Sandstone shale lenses - implications for ceramic evaluation. (R. Corkery, 1980)
(Quarterly Notes cont.)

42# Natural Gas Pipeline Survey. (J.J. Hobbs and G.R. Winter, 1981)

Valley Bulging, Mangrove Creek Dam near Gosford, New South Wales. (G.H. McNally, 1981)

43# A Miocene microflora from the Home Rule kaolin deposit. (A. McMinn, 1981)

An example of liquid immiscibility. (L.M. Barron, 1981)

44# The Age of the Ootha Group. (L. Sherwin, 1981)

46# Preliminary report on the geology of the Tumut 1:100,000 sheet area, southern New South Wales. (H. Basden, 1982)

48# Geology and coal resources west of Boggabri. (N.Z. Tadros, 1982)

49# The Amphitheatre Group, Cobar, New South Wales: preliminary results of new mapping and implications for ore search. (R.A. Glen, 1982)

Geology and coal resources of the northern part of the Oaklands Basin. (E.K. Yoo, 1982)

50 The Toolebuc Formation in the Eromanga Basin of New South Wales. (A. McMinn, 1983)
50 Cliff erosion rates in the south Sydney region, central New South Wales coast. (P.S. Roy, 1983)

52 Revised correlation of Cretaceous lithostratigraphic units in New South Wales. (V. Scheibnerova, 1983)

Geological implications of Pleistocene invertebrates from water bore WRC 39275, near Bulahdelah. (J.W. Pickett, 1983)

53 New occurrences of Ordovician graptolites from central New South Wales. (L. Sherwin, 1983)

54 Geology and coal resources of the Tomago area, north of Newcastle. (J. Whitehouse, 1984)

Geological implication of Pleistocene invertebrates from water bore WRC 39275, near Bulahdelah: a correction. (J.W. Pickett, 1984)

Nyngan 1:250,000 sheet - a preliminary geological interpretation from regional aeromagnetic and gravity data. (A. Agostini, 1984)

56 The Nobbys-Dudley-Yard seam, Kilaben Bay, Newcastle area. (H.N. Bowman and J. Whitehouse, 1984)

A computer program for trend surface analysis of geological data using a personal computer. (B.W. Mullard, 1984)

57 The depositional geology of the Jerrys Plains Subgroup, Upper Hunter Region, New South Wales. (J. Beckett and I. McDonald, 1984)

Pre-basalt topography on Mount Tomah, New South Wales. (J.W. Pickett)

58 Victoria Park high-resolution seismic survey, Picton. (L. Etheridge, C. Herbert and D. Palmer)

The age of marine sediments near Tumblong, southwest of Gundagai. (J. Pickett, S. Turner, B. Myers)
59 Geology, depositional environments, and coal resources of the Breeza area. (N.Z. Tadros)

Addendum to Quarterly Notes 58. (Etheridge et al)

61 A new stratigraphic unit of the Willyama Supergroup, western New South Wales. (R.E Brown)

Preliminary interpretation of regional basement geology in northwestern New South Wales. (B.P.J. Stevens)

62 Geology of the Deriah Forest area - implications for the structure and stratigraphy of the Gunnedah Basin. (M.B.L. Hill)

Eromanga Basin petroleum stratigraphic drill hole. (L.T. Etheridge, A. McMinn, M. Smyth, I.L. Walsh and B. Davies)

Errata: Quarterly Notes 60. (Etheridge et al.)

Lacustrine facies - upper Black Jack Formation - Gunnedah Basin. (N.Z. Tadros)

63 A basaltic diatreme intruding granitoids of the New England Batholith east of Glen Innes, New South Wales. (I.L. Willis and R.G. Barnes)

An Ordovician age for part of the Girilambone Group at Yanda Creek, east of Cobar. (L.R. Stewart & R.A. Glen)

Preliminary report on new isotopic evidence for, and implications of, an Early Devonian deformation at Cobar. (R.A. Glen, R.D. Dallmeyer and L.P. Black)
(Quarterly Notes cont.)

Extract chemistry of potential petroleum source rocks within the Eromanga Basin, New South Wales. (K.W. Gould and L.T. Etheridge)

Sedimentary and tectonic evolution, upper Black Jack Formation, Gunnedah Basin. (N.Z. Tadros)

66 New stratigraphic and structural data from the Surat and Gunnedah Basins and implications for petroleum exploration. (L.T. Etheridge)

Walgett 1:250,000 sheet - a geological interpretation from regional aeromagnetic and gravity data. (A. Agostini)

67 Revision of stratigraphic units in the Forbes-Parkes-Tomingley district. (L. Sherwin, I. Clarke and J.P. Krynen)

68 Geology and coal resources of the Narrabri area. (N.Z. Tadros, J. Whitehouse and R.S. Moffitt)

Note on the southern extent of the Hutton Sandstone and Walloon Coal Measures in the Surat Basin. (L.T. Etheridge and A. McMinn)

69 Newly defined stratigraphic units from the western New England Fold Belt, Manilla 1:250,000 sheet area. (R.E. Brown)

The geology, coal resources, and hydrocarbon occurrence within A376, Bulga area, Hunter Coalfield. (M. Sniffin et al.)

70 Depositional controls on coal quality of the Hoskissons Coal Member, Black Jack Formation, Gunnedah Basin. (N.Z. Tadros)

71 Maceral composition; variations and significance to the formation of the Hoskissons Coal Member, Gunnedah Basin. (N.Z. Tadros)

72 A California model for the New England Fold Belt. (M.C. Blake Jnr and B.L. Murchey)

New and revised lithostratigraphic units from the southwestern New England Fold Belt. (J.C. Aitchison, M.C. Blake Jnr, P.G. Flood, and B.L. Murchey)

The Rocky Glen Ridge and Gilgandra Trough, beneath the Surat Basin. (E.K. Yoo)
73 Structural subdivision of the Gunnedah Basin. (N.Z. Tadros)

   Basin inversion, thrusts, and ore deposits at Cobar, New South Wales: A preliminary report. (R.A. Glen)

K-Ar isotopic age dates - A compilation.

74 Revision of geology in the Coast Range - Red Cliff area, southeastern Clarence-Moreton Basin, New South Wales. (I.L. Willis)

75 Geology and coal resources of the Maison Dieu area, near Singleton, Hunter Coalfield. (J.S. Brunton and J. Moloney)

   Metalliferous mineral resources summary, Manilla and easternmost Narrabri 1:250,000 sheets. (R.E. Brown and J. Krynen)

76 Tertiary palynology in the Inverell area. (A. McMinn)

77 Tertiary volcanism, alluvial processes, and the origin of sapphire deposits at "Braemar", near Elsmore, northeastern New South Wales. (S.R. Pecover and R.R. Coenraads)

78 Ordovician and Silurian strata south of Trundle, New South Wales. (J.W. Pickett and I.A. Ingpen)

79 Industrial mineral and fossil fuel deposits of the Manilla and eastern Narrabri 1:250,000 sheets. (J.W. Brownlow and R.E. Brown)

80# Jerrys Plains Mini Sosie Reflection Seismic Survey, Hunter Coalfield. (J. Moloney)

   Interpretation of regional and detailed aeromagnetic data over the Ownedale Intrusive Complex, Fifield, New South Wales. (R. Spencer)

81# The Bundawang Synclinorium: a mineralised thrust system with implications for the Carboniferous (and younger) tectonics of New South Wales. (R.A. Glen and P.C. Lewis)

82# Piedmont magnesite deposit - a hydrothermal vein system in the Great Serpentinite Belt. (J.W. Brownlow and P.M. Ashley)

83# Quaternary dinoflagellate distribution in a borehole from Lake Macquarie. (A. McMinn)

   Lamprophyres and gold in the New England Fold Belt. (H.F. Henley)
84# Late Permian Volcanics in New England - the Wandsworth Volcanic Group. (J.W. Brownlow and P.M. Ashley)

85 New Cambrian and Early Ordovician ages from the New South Wales south coast (I.R. Stewart and R.A. Glen)

Age and relations of stratigraphic units in the Murda Syncline area. (J.W. Pickett and L. McClatchie)

Author Index: Quarterly Notes 1-84.

86# Siluro-Devonian biostratigraphy of central New South Wales. (L. Sherwin)

87# New and revised geological units from the Inverell and Goondiwindi 1:250,000 sheet areas, New England Gold Belt. (W.J. Stroud)

88# The Early Proterozoic Willyama Supergroup in the Euriowie Block, New South Wales. (R.E. Brown, B.P.J. Stevens and W.J. Stroud)

89# A structural model for vein mineralisation in the Huonville gold field, Broken Hill, New South Wales. (G.R. Burton)

Thermoluminescence dating of Quaternary sediments from the Nyngan-Walgett area. (J.J. Watkins)

90 Early Ordovician graptolite from the Peak Hill district. (L. Sherwin)

Mineral deposits of the Newton Boyd and Grafton 1:100,000 sheet areas. (H.F. Henley).

91# The Late Devonian - Early Carboniferous succession at Slaughterhouse Creek, Gravesend. (J.W. Pickett)

Mineral deposits of the Inverell 1:100,000 sheet. (R.E. Brown and W.J. Stroud)

92# The Monaro Volcanics of the Cooma district. (G.W. Pratt, P.C. Lewis, Graham Taylor, M.C. Brown, I.C. Roach and K.G. McQuenn)

93 Structural framework of New South Wales. (E. Scheibner)

94# Subductions Diamonds in New South Wales: Implications for exploration in eastern Australia. (L.M. Barron, B.J. Barron, S.R. Lishmund, G.M. Oakes)
RECORDS

Volume 1, Part 1

Petrographical Notes on the Eruptive Rocks connected with the Silver-bearing Lodes at Sunny Corner, near Bathurst, New South Wales.

On the Occurrence of a Coral, intermediate in its Structure between the Genera Lonsdaleia and Spongophyllum, in the Upper (?) Palaeozoic Rocks of New South Wales. (R. Etheridge, Jnr.).

On the Occurrence of Tellurium in combination with Bismuth from Norongo, near Captain's Flat, New South Wales. (J.C.H. Mingaye).

Description of the Physical Characters of Telluric-Bismuth Ores from Norongo, near Captain's Flat, New South Wales. (T.W. David).

Sketch of Columnar Basalt on the Horton River, near Lindsay Station. (H.W. Powell, 1890).

Volume 1, Part 2

Notes on the Mineral Resources of New South Wales, as represented at the Melbourne Centennial International Exhibition of 1888. (J.E. Carne).

Note on two specimens of Lepidodendron from the Lower Carboniferous (?) of Goonoo Goonoo. (R. Kidston).

On the Post-Tertiary Ossiferous Clays, near Myall Creek, Bingera. (W. Anderson).

On Further Evidence of a Large Extinct Struthious Bird (Dromornis, Owen), from the Post-Tertiary Deposits of Queensland. (R. Etheridge, Jnr.).

On the Stratigraphical position of the Fish and Plant-bearing Beds, on the Talbragar River, Cassilis District, NSW. (W. Anderson).

On the Examination of an Aboriginal Rock-shelter and Kitchen-midden at North Harbour, Port Jackson. (T.W.E. David and R. Etheridge, Jnr.).
Remarks on a Fern (*Cycadopteris scolopendrina*, Ratte), from the Wianamatta Shales, near Sydney. (R. Etheridge, Jnr.).

Report on supposed Caves, with Aboriginal Drawings, on Harris' Creek, and George's River, near Liverpool. (R. Etheridge, Jnr., 1890).

**Volume 1, Part 3**

On the Occurrence of the Genus *Meiolania* in the Pliocene Deep Lead at Canadian, near Gulgong. (R. Etheridge, Jnr.).

Our present Knowledge of the Palaeontology of New Guinea. (R. Etheridge, Jnr.).

On the Mineral Spring at Rock Flat Creek, near Cooma, Monara District. (W. Anderson, 1890).

**Volume 2, Part 1**

On the Occurrence of the Genus *Tryplasma*, Lonsdale (*Pholidophyllum*, Lindstrom), and another Coral apparently referable to *Diphyphyllum*, Lonsdale, in the Upper Silurian and Devonian Rocks respectively, of New South Wales. (R. Etheridge, Jnr.).

The Aboriginal Rock-Carvings at the Head of Bantry Bay, Middle Harbour, Port Jackson. (R. Etheridge, Jnr.).

Note on *Dromornis australia*, Owen. (R. Etheridge, Jnr., 1890).

**Volume 2, Part 2**

Notes on the Shell-heaps, or Kitchen-middens accumulated by the Aborigines of the Southern Coast Coastal District. (W. Anderson).

On Some beautifully-formed Stone Spear-heads, from Kimberley, North-west Australia. (R. Etheridge, Jnr.).

Notes on the Gunnedah Coal-field. (G.A. Stonier).
(Records cont.)

Note on the Occurrence of Fish-remains in the Rocks of the Drummond Range, Central Queensland. (R. Etheridge, Jnr.).

Description of some Stone Weapons and Implements used by the Aborigines of New South Wales. (W. Anderson).

Description of Two Undescribed Univalves from the Carboniferous Rocks of New South Wales. (R. Etheridge, Jnr., 1890).

Volume 2, Part 3

Laboratory Notes on some New South Wales Minerals. (J.C.H. Mingaye).

On the Occurrence of Microscopic Fungi, allied to the Genus Palaeachlya, Duncan, in the Permo-Carboniferous Rocks of New South Wales and Queensland. (R. Etheridge, Jnr.).

Analyses of Samples of Cokes, manufactured from various Coke-producing Coals in the Northern, Southern and Western Coal Districts of New South Wales. (J.C.H. Mingaye).

Volume 2, Part 4

Notes on Experiments with the Munktell Chlorination process at Bethanga, Victoria. (E.F. Pittman).

Descriptions of four Madreporaria Rugosa - Species of the Genera Phillipsastreae, Heliophyllum, and Cyathophyllum - from the Palaeozoic Rocks of New South Wales. (R. Etheridge, Jnr.).

The Cave-Shelters near Wollombi, in the Hunter River District. (P.T. Hammond).
(Records cont.)

Idiographic Rock-Carvings of the Aborigines at Flat Rocks, near Manly. (R. Etheridge, Jnr., 1892).

**Volume 3, Part 1**

_Hymenocaris Salteri_, McCoy, M.S. (R. Etheridge, Jnr.).

Notes on the Geology, and Mining in the Trunkey and Tuena Districts. (G.A. Stonier).

Notes made at the Kybean Caves, parish of Throsby, County of Beresford, in October, 1890. (W.S. Leigh and R. Etheridge, Jnr.).

Idiographic Drawings of the Aborigines in a Rock-shelter at Weeny Creek, Colo River, near Richmond. (R. Etheridge, Jnr.)

The Caves at Goodravale, Goodradigbee River. (R. Etheridge, Jnr., 1894).

**Volume 3, Part 2**

The Pentameridae of New South Wales. (R. Etheridge, Jnr.).

Geological Notes on the Swamp Oak and Niangala Gold-fields. (G.A. Stonier).

Report on a Visit to the Narrangullen, or Caven Cave, Taemas, Murrumbidgee River. (R. Etheridge, Jnr., 1892).

**Volume 3, Part 3**

On the Occurrence of Leucite-Basalt at Lake Cudgellico (Cargelligo). (G.A. Stonier).

On the Occurrence of a Plant allied to Schizoneura in the Hawkesbury Sandstone. (R. Etheridge, Jnr.).
(Records cont.)

Notes on the Rosebrook Caves, near Cooma. (W.S. Leigh).

Idiographic Carvings of the Aborigines at Point Piper, Rose Bay, Port Jackson, and at Hawkesbury. (R. Etheridge, Jnr.).

The Australian Geological Record for the Year 1891. (R. Etheridge, Jnr. and W.S. Dun, 1893).

Volume 3, Part 4

On a Sand from Bingara. (G.W. Card).

On the Occurrence of Trigonia semiundulata. McCoy, in New South Wales, and its significance. (R. Etheridge, Jnr.).

On the Occurrence of Basalt-glass (Tachylyte) at Bulladelah. (G.A. Stonier).

Mineralogical and Petrological Notes, No.1. (G.W. Card).

Notes on an Aboriginal Skull from a Cave at Bungonia. (R. Etheridge, Jnr.).

The Australian Geological Record for the Year 1982, with Addenda for the Year 1891. (R. Etheridge, Jnr. and W.S. Dun).

Volume 3, Part 4

A Locality Index to the Reports of the Geological Survey of New South Wales, from 1875 to 1892 inclusive. (W.S. Dun).

On Celestine from the Neighbourhood of Bourke. (G.W. Card, 1893).

Volume 4, Part 1

Descriptions of a proposed New Genus of Rugose Coral (Mucophyllum). (R. Etheridge, Jnr.).

Mineralogical and Petrological Notes, No.2. (G.W. Card).
(Records cont.)

Willyamite - a New Mineral from Broken Hill. (E.F. Pittman).

On a Vertebra from the Wellington Caves. (W.S. Dun).

On the Occurrence of a Pteronites (P. Pittmani, sp. nov.) in the Spirifer Sandstone of Warrawang, or Mount Lambie, near Rydal. (R. Etheridge, Jnr.).

On Fuller's Earth from Wingen. (G.W. Card).

Volume 4, Part 2

On certain Coal and Shale Lands in the Capertee Valley District, embraced within the Parishes of Ben Bullen, Coco, Airley, Morundurey, Umbiella Goongal, and Clandulla, in the County of Roxburgh, and Marangaroo, in the County of Cook, New South Wales. (J.E. Carne).

On the Occurrence of an Oleandridium in the Hawkesbury Sandstone Series. (R. Etheridge, Jnr.).

Notes on the Occurrence of diamonds at Bingara. (G.A. Stonier).

The Idiographic Carvings at Cockle Creek, Cowan. (R. Etheridge, Jnr.).

On the Artificial Method of Lighting the Jenolan Caves. (W.S. Leigh).

The Australian Geological Record for the Year 1893, with Addenda for 1891 and 1892. (R. Etheridge, Jnr.).

A Tabular List of the Bores and Water-Augers put down by the Department of Mines and Agriculture, New South Wales, and mentioned in the Reports of the Department. (W.S. Dun).

Volume 4, Part 3

On a Trachytic Rock from the Coonabarabran District. (G.W. Card).

Notes on the Occurrence of Monotreme Remains in the Pliocene of New South Wales. (W.S. Dun).
Volume 4, Part 3 cont.

Mineralogical Notes, No.3. (G.W. Card).

On the Occurrence of a Stromatoporoid, allied to Labechia and Rosenella, in the Siluro-Devonian rocks of New South Wales. (R. Etheridge, Jnr.).

Volume 4, Part 4

On the Occurrence of a Plant in the Newcastle or Upper Coal-measures possessing Characters both of the Genera Phylloletheca, Brong., and Cingularia, Weiss. (R. Etheridge, Jnr.).

On some Rock-specimens from the Auriferous Granite at Timbarra. (G.W. Card).

An undescribed Coral from the Wellington Limestone, New South Wales. (R. Etheridge, Jnr.).

On a supposed Sulpho-carbonate of Lead from the Australian Broken Hill Consols Mine, Broken Hill. (P.T. Hammond).

On additional Aboriginal Rock-carvings on the French's Forest Road, near Bantry Bay. (W.S. Dun).

The Australian Geological Record for the Year 1894, with Addenda for 1891 to 1893. (R. Etheridge, Jnr. and W.S. Dun, 1895).

Volume 5, Part 1

The Occurrence of Artesian Water in Rocks other than Cretaceous. (E.R. Pittman).

Mineralogical and Petrological Notes, No.4. (G.W. Card).

Palaeontologia Novae Cambriae Meridionalis – Occasional Descriptions of New South Wales Fossils, No.2. (R. Etheridge, Jnr.).

The Intrusive and Metamorphic Rocks of Berthong, Co. Bland, New South Wales, with special reference to the Occurrence of Serpentine after Amphibolite. (J.B. Jaquet).
(Records cont.)

**Volume 5, Part 1 cont.**

Notes on the Ashford Coal-field, County of Arrawatta. (E.F. Pittman).

Ottrelite-Phyllite from near Wattle Flat. (G.W. Card).

The Occurrence of Platinum in New South Wales. (J.B. Jaquet).

The Occurrence of Copper at Dottswood Mine, Queensland. (G.W. Card, 1898).

**Volume 5, Part 2**

The Generic Relations of *Spirifera exsuperans*, De Koninck. (R. Etheridge, Jnr.).

On the Occurrence and Classification on some New South Wales Meteorites. (G.W. Card).

Notes on the General and Economic Geology of the Coast between Port Macquarie and Cape Hawke. (J.E. Carne).

Additions to the Permo-Carboniferous Coal-measures Flora of New South Wales. (W.S. Dun).

Mineralogical Notes, No.5. (G.W. Card).

On the Occurrence of the Genus *Chelodes*, Davidson and King, in the Upper Silurian of New South Wales. (R. Etheridge, Jnr.).

The Auriferous Beach Sands of the Esk River and Jerusalem Creek, in the Parish of Esk, County Richmond, New South Wales. (J.E. Carne).

The Australian Geological Record for the Year 1895 with Addenda for the Years 1891-1895. (R. Etheridge, Jnr. and W.S. Dun, 1898).

**Volume 5, Part 3**

Geological Notes upon a trip to Mount Kosciusko, New South Wales. (J.B. Jaquet).

**Volume 6, Part 1**

Additions to the Permo-Carboniferous Flora of New South Wales, No.2. (W.S. Dun).

On Stolzite and a new mineral, Raspite, from Broken Hill. (C. Hlawatsch).
(Records cont.)

Volume 6, Part 1 cont.

Volume 6, Part 2

Further Remarks on the Saddle Reefs of the Hargraves Goldfield. (J.A. Watt).

On the Occurrences of a Cyclopterid Fern, closely allied to the European Cardiopteris polymorpha, Goeppert, in the Carboniferous of New South Wales. (W.S. Dun).

The Australian Geological Record for the Year 1897, with Addenda for the Years 1891-1896. (R. Etheridge, Jnr. and W.S. Dun, 1901).

Volume 6, Part 3

On the Corals of the Tamworth District, chiefly from the Moore Creek and Woolomol Limestones. (R. Etheridge, Jnr., 1901).

Volume 6, Part 4

Contributions to a list of Papers and Reports dealing with the Economic Geology of New South Wales. (W.S. Dun, 1901).

Volume 7, Part 1

The Auriferous Deposits of Lucknow.

The Auriferous Ore-beds of the Lyndhurst Goldfield. (E.F. Pittman).

On a Collection of Graptolites from Mandurama. (T.S. Hall).

Notes upon the occurrence of Gold in volcanic glass at Grassy Gully, Yalwal District, New South Wales. (J.B. Jaquet).

Contributions to our knowledge of Broken Hill. (R. Beck, 1905).
(Records cont.)

**Volume 7, Part 2**

An Eclogite-bearing Breccia from the Bingera Diamond Field. (G.W. Card).

Nepheline-Basalt from the Capertee Valley. (G.W. Card).

Mineralogical Notes, No.7. (G.W. Card).

Chemical Notes on Glaucophane Schists, from Australia and New Caledonia. (H.P. White).

Notes on Fossil Leaves from the Tertiary Deposits of Wingello and Bungonia. (H. Deane).

Palaeontologia Novae Cambriae Meridionalis — Occasional Descriptions of New South Wales Fossils, No.4. (R. Etheridge, Jnr.).

Notes on some large Chonetine Shells from the Carboniferous of New South Wales. (W.S. Dun).

Notes on some Carboniferous Brachiopods from Clarence Town. (W.S. Dun).

On Atherstonia australis and Ctenolates avus, two new species of Fossil Fishes from New South Wales. (W.S. Dun).

Description of a New Species of Products from the Carboniferous System of New South Wales. (W.S. Dun).

**Volume 7, Part 3**

Mineralogical Notes, No.8. (G.W. Card).

Notes from the Chemical Laboratory, Department of Mines. (J.C.H. Mingaye).

Volume 7, Part 3 cont.

Notes and Analyses of Olivine-Basalt Rocks from the Sydney District (No.1). (J.C.H. Mingaye and H.P. White).

Descriptions of Two new plants from the Tertiary of New South Wales - Pteris abbreviata and Grevillea darlingioides. (H. Deane).

An Unusually Large Form of Rhizophyllum, lately discovered in New South Wales. (R. Etheridge, Jnr.).

The Fructification of Schizoneura australis, Eth. fil. (R. Etheridge, Jnr.).

On the Occurrence of Nepheline in Post-Triassic Basalts of the Hawkesbury Sandstone area. (G.W. Card).

A Preliminary Note on the Structure of Mount Lindsay. (E.C. Andrews, 1905).

Volume 7, Part 4

Notes on some of the Dykes and Volcanic Necks of the Sydney District, with Observations on the Columnar Sandstone. (M. Morrison).

Analyses of Leucite Basalts, etc. and Olivine Basalts from New South Wales. (J.C.H. Mingaye and H.P. White)

Notes on and Analyses of the Mount Dyrring, Barraba, and Cowra Meteorites. (J.C.H. Mingaye).

Notes and Analysis of the Mt Browne Meteorite. (H.P. White).

Sub-Reniform-ovate Leaves of Glossopteris, with further remarks on the attachment of its leaves. (R. Etheridge, Jnr.)

Notes on some new species of Palaeozoic Brachiopoda from New South Wales. (W.S. Dun).

The Discovery of a Human Skeleton at Jenolan Caves. (R. Etheridge, Jnr. and O. Trickett, 1905).

Volume 8, Part 1

(Records cont.)

**Volume 8, Part 2**

Mineralogical (and Petrographical) Notes, No.9. (G.W. Card).

The Identify of Rhacopteris inaequilatera, Feistmantel (non Geoppert), and Otopteris ovata, from the Carboniferous of New South Wales. (W.S. Dun).

Geological Notes upon the Structure of the Mount Boppy Gold Reef, New South Wales. (J.B. Jaquet).

Notes from the Chemical Laboratory, Department of Mines. (J.C.H. Mingaye, H.P. White and W.A. Greig, 1905).

**Volume 8, Part 3**

Note on the Occurrence of Precious Opal at Tooraweanah, Warrumbungle Mountains. (E.F. Pittman).

Notes on Specimens of Fossil Leaves from the Warrumbungle Mountains. (H. Deane).

Palaeontologia Novae Cambriae Meridionalis. Occasional Descriptions of New South Wales Fossils, No.5. (R. Etheridge, Jnr.).

Mineralogical and Petrographical Notes, No.10. (G.W. Card).

Notes on Palaeozoic Brachiopoda and Pelecypoda from New South Wales. (W.S. Dun, 1907).
Volume 8, Part 4

Mineralogical Notes (No.11). (G.W. Card).

Notes from the Chemical Laboratory, No.2. (J.C.H. Mingaye).

Arachnophyllum from the Halysites Limestone of the Mount Canobolas District, New South Wales. (R. Etheridge, Jnr.).

An Organism allied to Mitcheldeania, Wethered, of the Carboniferous Limestone, in the Upper Silurian of Malongulli. (R. Etheridge, Jnr.).

Notes on Fossil Plants from Lower Mesozoic strata, Benolong, Dubbo District. (W.S. Dun).

On a New Labyrinthodont from Oil Shale, at Airly. (A.S. Woodward).

The Trilobite Illaenus in the Silurian Rocks of New South Wales. (R. Etheridge, Jnr.).

Notes on the Physiography and Geology of the North-eastern Watershed of the Macquarie River. (L.F. Harper).

On some Microzoa from the Wianamatta Shales, New South Wales. (F. Chapman).

Volume 9, Part 1

Volume 9, Part 2

Further Additions to the Coral Fauna of the Devonian and Silurian of New South Wales. (R. Etheridge, Jnr.).

On a further collection of Graptolites from Tolwong, New South Wales. (T.S. Hall).

Evidence of the Age of some Australian Gold Drifts, with special reference to those containing Mammalian Remains. (R.H. Walcott).

On some Palaeozoic Ostracoda from New South Wales. (F. Chapman).
(Records cont.)

**Volume 9, Part 2 cont.**

Mineralogical Notes, No.12. (G.W. Card).

Notes and Analyses of the Hermitage Plains Aerolite. (H.P. White, 1920).

**Volume 9, Part 3**

Notes from the Chemical Laboratory. (J.C.H. Mingaye).

The Wet and Dry Assays of Tin Ore. (J.C.H. Mingaye).

Notes on the Composition of the Delegate Meteorite.

Notes on the Molong Meteorite.

Notes on Gilgoin Meteorite, No.7 - Brewarrina, New South Wales.

Analyses of Obsidianites from the Uralla District and Charlotte Waters.

**Volume 9, Part 4**

On the Pallasite from Mount Dyrrling, Singleton District, New South Wales. (P. Tchirvinsky).

**Volume 10, Part 1**

Palaeontologia Novae Cambriae Meridionalis - Occasional Descriptions of New South Wales Fossils, No.8. (R. Etheridge, Jnr.).

A Census and Index of the Lower Carboniferous Burindi Fauna. (W.N. Benson).

The Warialda Meteorite. (J.C.H. Mingaye).

Volume 10, Part 2

An insect wing in a crystal of selenite (Order Orthoptera). (R.J. Tillyard).

Volume 11, Part 1

Volume 11, Part 2

Preliminary investigations of the stratigraphy of the Triassic Narrabeen Group in the northwestern section of the Sydney Basin, New South Wales. (D.J. Pogson and D.M. Rose, 1969)

Deformation structures in Miocene diatomaceous and pyroclastic sediments from New South Wales. (C. Herbert, 1969).

Crushed stone and gravel resources of the Sydney region, New South Wales. (C.L. Adamson, 1969).

Preliminary results on studies of graptolites from the Forbes district, New South Wales. (L. Sherwin, 1970).

Palaeoenvironment and revised nomenclature of the Upper Shoalhaven Group and Illawarra Coal Measures in the Wollongong - Kiama area, New South Wales. (H.N. Bowman, 1970).

Limestone in the Jenolan Caves area. (L. Chalker).

The Lower Triassic Newport Formation, Narrabeen Group, southern Sydney Basin. (M.R. Bunny and C. Herbert).

Trilobites of the Subfamily Phacopinae from New South Wales. (L. Sherwin).

STANDING COMMITTEE ON COALFIELD GEOLOGY OF NEW SOUTH WALES.

Code for calculating and reporting coal reserves.

Resolution regarding formal seam nomenclature.

Report on subcommittee on sedimentary terminology.

Report of combined subcommittees for Southern and South-Western coalfields.
(Records cont.)

**Volume 13, Part 3**

Foraminifera and their Mesozoic biogeoprovinces. (V. Scheibnerova, 1971).

**Volume 13, Part 4**

Stratigraphic units in the Molong district, New South Wales. (J. Adrian).

Stratigraphy of the Cheesemans Creek district, New South Wales. (L. Sherwin, 1971).

**Volume 14, Part 1 #**

Palaeodrainage patterns in the southern Sydney Basin. (C. Herbert).

Tectonic concepts and tectonic mapping. (E. Scheibner).

Some new views on Cretaceous biostratigraphy, based on the concept of foraminiferal biogeoprovinces. (V. Scheibnerova, 1972).

**Volume 14, Part 2 #**

Geology and gold deposits of the Sebastopol - Junee Reefs area. (H.G. Raggatt).

Geology and mining history of the Temora Gold Field. (S.R. Lishmund).

Natural slope stability in the City of Greater Wollongong. (H.N. Bowman, 1972).

**Volume 15, Part 1**

The value of palaeotemperature measurements and palaeobio-provincial analysis of fossil animals for palaeogeographical reconstructions. (V. Scheibnerova).

Non-tropical Cretaceous foraminifera in Atlantic deep-sea cores and their implications for continental drift and palaeooceanography of the South Atlantic Ocean. (V. Scheibnerova).

**Volume 15, Part 2 #**

The Upper Hunter Gold Field. (S.R. Lishmund).
(Records cont.)

**Volume 15, Part 2 cont.**

Optimal mixing procedures and abrasion tests of fluorescent dyed sand. (P.S. Roy).

Geology and mineralisation of the Tharsis mine, with a general review of the Cobar field. (D.W. Suppel and B.P.J. Stevens).

A reappraisal of the Lorne Basin. (G.W. Pratt and C. Herbert).

Revision of nomenclature of granitic intrusions at Burrinjuck, Young and Cowra. (P.M. Ashley and H. Basden, 1973).

**Volume 16, Part 1**

Standing Committee on Coalfield Geology of New South Wales. (1975).

Code for calculating and reporting coal reserves.

Report on subcommittee for the Northern Coalfield — stratigraphic nomenclature.

**Volume 16, Part 2 #**

Surface geological mapping at the Aspley copper mine, near Perthville. (C.R. Weber).

**Volume 16, Part 3**

Silurian graptolites from the Forbes Group, New South Wales. (L. Sherwin).

The Eden-Comerong-Yalwal rift zone and the contained gold mineralisation. (G.R. McIlveen).

**Volume 17, Part 1 #**

Geology, extractive resources, engineering geology, and mining factors influencing town planning in Tweed Shire. (W.S. Chesnut).

Coastal geology of the Cudgen area, North Coast of New South Wales. (P.S. Roy).
(Records cont.)

**Volume 17, Part 1 cont.**

Bathymetry and bottom sediments of Lake Macquarie. (P.S. Roy and C. Peat).

**Volume 17, Part 2**

Standing Committee on Coalfield Geology of New South Wales. Definition of coalfields, Sydney and Gunnedah Basin.

Silurian stromatoporoids from Cheesemans Creek, with a survey of some stromatoporoids from the Hume Limestone Member, Yass, New South Wales. (P.K. Birkhead).

Palaeozoic succession beneath the Narragal Limestone, Oakdale Anticline near Mumbi. (A. Vandyke and J.G. Byrnes).

Warburgella from Central New South Wales. (R.S. Landrum and L. Sherwin).

**Volume 18, Part 1**

An interpretation of the subsurface geology of the Nowra - Jervis Bay area. (C.S. Bembrick and G.G. Holmes).

A dismembered ophiolite suite at Port Macquarie, New South Wales. (B.J. Barron, E. Scheibner and E. Slansky).

**Volume 18, Part 2**

Some stromatoporoids from the Bowspring Limestone Member (Ludlovian) and Elmside Formation (Gedinnian), Yass area, New South Wales. (P.K. Birkhead).

Guilielmites formed from phosphatised concretions in the Ashfield Shale of the Sydney area. (J.G. Byrnes, T.D. Rice and D. Karaolis).

(Records cont.)

**Volume 19, Part 1 #**

Stratigraphy of the Mesozoic sequence in the Warialda - Goondiwindi area. (D.J. Bourke).

Comparative foraminiferal biostratigraphy of the Santos Codnadatta No.1 section, South Australia. (V. Scheibnerova).

**Volume 19, Part 2**

Quaternary geology of the Newcastle Bight inner continental shelf, New South Wales, Australia. (P.S. Roy and E.A. Crawford).

Quaternary depositional environments and stratigraphy of the Fullerton Cove region, central New South Wales. (P.S. Roy).

The origin of Australia's salt lakes. (M. Johnson).

**Volume 20, Part 1 #**

Introduction. (B.P.J. Stevens).

Types of mineralisation in the Broken Hill Block and their relationship to stratigraphy. (R.G. Barnes).

Stratigraphic interpretation of the Broken Hill Mines area. (W.P. Laing).

Stratigraphic interpretation of the Mount Gipps - Rockwell area. (G.M. Bradley).

Stratigraphic interpretation of the Stephens Creek 1:25,000 Sheet area. (W.J. Stroud).

(Records cont.)

Volume 20, Part 1 cont.

Stratigraphic interpretation of the Mount Robe – Belmont area. (B.P.J. Stevens).

Stratigraphic interpretation of the Broken Hill – Pinnacles – Balaclava 1:25,000 Sheet areas. (R.E. Brown).

Stratigraphic interpretation of the Oakdale 1:25,000 Sheet area. (W.J. Stroud, 1980).

Volume 20, Part 2

Corrigendum, Records Volume 19(1), 81-139. Comparative foraminiferal biostratigraphy of the Santos Oodnadatta No.1 Section, South Australia.

Volume 21, Part 1

Palaeozoic island arc and arch mineral deposits in the central west of New South Wales.

Part Selected studied . . . . on microfiche.

Early Ordovician Island Arc Mineral Deposits.

Late Ordovician Island Arc Mineral Deposits.

Late Silurian to Early Devonian Porphyry Copper-Gold-Molybdenum Deposits.

Alteration zoning at Peak Hill disseminated copper-gold deposit. (H.N. Bowman and S.J. Richardson).

Latest Silurian-Earliest Devonian Shoshonitic Arch Mineral Deposits.

Catombal Creek disseminated copper district. (H.N. Bowman, I.B.L. Paterson and S.J. Richardson).

STANDING COMMITTEE ON COALFIELD GEOLOGY OF NEW SOUTH WALES.

Publications List.

NSW STRATIGRAPHIC NOMENCLATURE SUBCOMMITTEE, GEOLOGICAL SOCIETY OF AUSTRALIA.

Cretaceous biostratigraphy of the Great Australian Basin based on benthonic foraminifera. (V. Scheibnerova).

STANDING COMMITTEE ON COALFIELD GEOLOGY OF NEW SOUTH WALES.

A guide to the calculation of confidence limits for an estimation of coal reserves.

Terminology for classification and description of coal-field rocks.

Code for calculating coal resources and reserves (fifth edition).

Stratigraphic subdivision of the Illawarra Coal Measures in the Western Coalfield.

Redefinition of coalfields in the Sydney and Gunnedah Basins.

Volume 22, Part 2

A Summary Record of Mineral Deposits in the Broken Hill Block excluding the southeastern portion, by R.G. Barnes.

Volume 23, Part 1

REPORTS

Notes on the Mandurama Ironstone Occurrences. (D.W. Wynn).

4 Trough Gully Copper Mine, Dungowan, near Tamworth, N.S.W. (R.E. Relph).

9 Kunderang Brook Limestone Deposits, N.S.W.

12 The Green Scub Basalt Deposit near Mountain Lagoon. (C.L. Adamson).

Report of Examination of Igneous Intrusions in the Liverpool–Campbelltown District. (D.S. Flack).

(Reports cont.)

14 Tin Occurrence at the Glen, Kingstown. (R.E. Relph).

15 The Evening Star Gold Mine, Coramba. (L. McClatchie).

20 Evan's Head Town Water Supply. (R.J. Griffin).
   Iluka Town Water Supply. (R.J. Griffin).
   Bowning Town Water Supply. (R.J. Griffin).

21 Coastal Water Supplies - Nambucca. (R.J. Griffin).
   Underground Water - Wyong Shire. (R.J. Griffin).

22 Flooding of the Australian Gold Club. (R.J. Griffin).

(Reports cont.)

Guano Deposits in Willi Willi Caves, Kempsey. (G.R. Wallis).

28 Cliefden Springs Barite Deposit. (G.S. Gibbons and D.J. Pogson).

Cliefden Springs Barite Deposit. (G.R. Wallis).

31 Pheasant's Creek Tin Deposits. (D.W. Wynn).

Pheasant's Creek Base Metal Prospect. (C.R. Weber).

Notes on the Grassy Creek Tin Deposits. (D.W. Wynn).

Manganese Deposit near Ashford. (D.W. Wynn).

Foley's Lead, Kangaroo Flat. (T.W. Dickson, 1965).

The Mount Paynter Tin Deposit, Jingellic, New South Wales. (L. McClatchie and T.W. Dickson).

(Reports cont.)

34 The Pulleys Hill Deep Lead Hill End. (D.R. Kennedy).

The Cheshire Copper Mine near Cudgegong. (J.B. McManus, L. McClatchie and T.W. Dickson).

The Oakbourne Gold Prospect. Progress Report. (J.B. McManus and J. Ringis).

The Winterbourne Gold Prospect, Walcha. (J. Ringis, 1965).

37 Silver-Lead, Zinc and Copper Mineralisation at Hall's Peak, South-east of Armidale, New South Wales. (L. McClatchie, 1965).

Tyagong Tin Deposits. (D.W. Wynn).

Mirrool Tin Prospect. (D.W. Wynn).

Reid's Flat Alluvial Tin Prospect. (T.W. Dickson and K.R. Fitzpatrick, 1965).

Acacia Vale Felspar and Sillimanite Deposits. (G.R. Wallis, 1965).

40 Tallebung Tin Field - Southern Alluvial Area. (D.W. Wynn).

The Burra Tin Prospect, Fifield District. (D.W. Wynn).

Test Boring of the Burra Tin Prospect, Fifield District. (T.W. Dickson).

Tin and Wolfram Deposits; Marobee District N.S.W. (T.W. Dickson, 1965).

41 Road Construction Materials in the Shire of Tumbarumba. (G.R. Wallis).

Magnetometer Survey at Goodrich Gold-copper Mine, Yeoval. (J. Ringis and S.S. Webster).

The Gundle Tin Deposits, North Coast District, New South Wales. (L. McClatchie, 1968).

(Reports cont.)

55 Bushy Hill Gold Prospect, Cooma. (A.G. Loudon).

The Glen Elgin Gold Prospect, Glen Innes. (A.G. Loudon).

Karamah Copper Prospect, Bingara. (A.G. Loudon and H.N. Bowman).

56 Eurow Copper Prospect, Eugowra, N.S.W. (D.R. Kennedy, 1965).

TECHNICAL REPORTS

Technical Reports Volume 1 1953

A. Geological Reports

1 Reconnaissance Geology of the Snowy Mountains Area. Progress Report No.8 - The Tumut Valley between Lob's Hole and Yellowin. (L.R. Hall and C.L. Adamson).

4 Southern Coalfield. Geology of the Stanwell Park - Coledale area. (F.N. Hanlon).

5 East Maitland Coal District. Bloomfield, Buchanan-Maitland and Dagworth-Greta Areas. (J.C. Lloyd).

7 Geological Investigation of Adaminaby Dam, Eaglehawk Site. Proposed Quarry. (C.L. Adamson).

8 Geological Investigation of Adaminaby Dam. Shear Zone in Diversion Tunnel. (C.L. Adamson).
Technical Reports Volume 1 1953  cont.

10  Magnetite Deposits at Tallawang and Puggoon.  Gulgong District.  (E.O. Rayner).
13  Tungsten Deposits, Portions 6 and 47, Parish of Burrandana, County of Mitchell.  (J.C. Lloyd).
14  Limestone Quarrying in the Vicinity of Bungonia Gorge.  (C.L. Adamson).
15  Sub-surface Gravels in Jerilderie Shire.  (L.R. Hall and R.E. Relph).
16  Palaeontological Determinations.  (H.O. Fletcher).

B.  Laboratory Reports
1  Fire Assay Section.  (K.C. Williams).
2  General Inorganic Section.  (B. Mander-Jones).
3  Fuel Section.  (R.B. Welch).
4  Safety in Mines and Gas Analyses Sections.  (H. Donegan and A.C. Bridgen).
5  Water Section.  (H.F. Conaghan).
6  Ceramic Section.  (R. Burg, 1956).

Technical Reports Volume 2 1954

A.  Geological Reports

Nymboida River Hydro-Electric Development.  Cloud's Creek-Nymboida River Diversion.  (L.R. Hall).

Moolarben Creek Dam Site.  (L.R. Hall).

Fish River Water Supply. Hampton Tunnel. (L.R. Hall).

 Pearces' Uranium Prospect, Blackfellow's Dam, Condobolin District. (E.O. Rayner).

Radio-activity at Whipstick Molybdenum-Bismuth Mine. (L.R. Hall).

Palaentological Determinations. (H.O. Fletcher).

B. Laboratory Reports

Fire Assay Section. (K.C. Williams).

General Inorganic Section. (B. Mander-Jones).

Fuel Section. (R.B. Welch).

Safety in Mines and gas Analysis Sections. (H.A. Donegan and A.C. Brigden).

Water Section. (H.F. Conaghan).

Ceramic Section. (R.A. Burg).

The Volumetric Determination of Lead in Ores with Disodium-ethylenediaminetetra-acetate. (H.F. Conaghan).

C. Mines Inspection Branch

Quarry Blasting in Built-up areas. (A.G. Reid, 1957).

Technical Reports Volume 3 1955

A. Geological Reports

Groundwater Supplies. (J.W. Whiting).

Reconnaissance Geology of Part of the County of Blaxland. (C.L. Adamson).

Geology of the Nimbin Area. (R.E. Relph).

Notes on the Geology of Carrathool Shire with Special Reference to Road Materials. (L.R. Hall).

Geology of the Carrathool District. (D.W. Wynn).

Davidi te and other Radioactive Occurrences in the Thackaringa Area, Broken Hill District. (E.O. Rayner).

Certain Mineral Deposits near Mt. Werong. (L.R. Hall).

Reported Discovery of Alluvial Tin near Mirrool. (L.R. Hall).

Bentonitic Clay Deposit, Parish Murulla, County Brisbane. (R.E. Relph).

Northumberland County District Planning Scheme. Proposed Resiting of City of Maitland. (J.C. Lloyd).

Technical Reports Volume 3 1955 cont.

The Occurrence of the Gosford Formation, Narrabeen Group, in the Western Coalfield. (C.T. McElroy).

Palaeontological Determinations. (H.O. Fletcher).

B. Laboratory Reports

General Inorganic Section. (B. Mander-Jones).
Fire Assay Section. (K.C. Williams).
Ceramic Section. (R. Burg).
Water Section. (H.F. Conaghan).
Fuel Section. (J.D. Thomas).

C. Mines Inspection Branch

Safety in Quarrying. A Review of operations Conducted During the Years 1931-1955.

Technical Reports Volume 4 1956

A. Geological Reports

The Zircon-Rutile Deposits on the Beaches of the East Coast of Australia with Special Reference to their Mode of Occurrence and the Origin of the Minerals. (H.F. Whitworth).

Manganese Deposits of the Walcha District. (L.R. Hall and R.J. Griffin).

The Geology of the Nattai Dome near Mittagong. (C.L. Adamson).

Technical Reports Volume 4 1956 cont.

Pyrite Lode in Parish Thoko, County Wellesley (Nimmitabel Area). (L.R. Hall).

Note on Recent Development at Whipstick Mines. (L.R. Hall).

Ulan Power Station - Water Supply. (L.R. Hall and D.W. Wynn).

Examination of Coal Seams, Kangaroo Creek Area, Far North Coast Coal Province. (C.T. McElroy).

Note on Perlite in New South Wales. (R.E. Relph).

Palaeontological Determinations. (H.O. Fletcher).

B. Laboratory Reports

The Investigation of some O-Nitroso Phenols as Indicators for the Complexometric Titrations of Copper and Nickel Ions. (H.F. Conaghan).

Analytical Records of the Chemical Laboratory, 1956.

1 General Inorganic Section. (B. Mander-Jones).

2 Fire Assay Section. (K.C. Williams).

4 Waters. (H.F. Conaghan).

5 Explosives Section. (S.W.E. Parsons).

6 Safety in Mines and Gas Analysis Section. (H.A.J. Donegan and A.C. Bridgen).

7 Ceramic Section. (R.A. Burg).

8 Fuel Section. (J.D. Thomas).

C. Coalfields Branch

Internal Explosion in Flameproof Gate-End Box. (R.F. Doyle, 1959).
Technical Reports Volume 5 1957

A. Geological Reports

The Geology of the Burragong Shire. (C.L. Adamson).

The Geology and Mineral Resources of the Euabalong 4-mile Military Sheet. (R.J. Griffin).

The Underground Water Resources of the Yass River Valley. (J.W. Whiting).

Ceramic Resources of New South Wales. (J.C. Lloyd).

Sooley Dam - Goulburn Water Supply. (C.L. Adamson).

Palaeontological Determinations. (H.O. Fletcher).
Technical Reports Volume 5 1957 cont.

B. Laboratory Reports

Geochemical Prospecting at Dartmoor, Cooma. Blinksell-James Prospect. (H.F. Conaghan).

Cyanide Test on Sample of Gold Ore from Wiseman's Creek. (K.C. Williams).

Coal from Wollondilly Extended Colliery. (J.D. Thomas).

Open Cut Liddell Coal and Mittagong "Anthracite".

Liddell, Greta and Great Northern Seam Coals. (J.D. Thomas).

Coals from the Tangorin Seam, Cranky Corner. (J.D. Thomas).

Hydrocarbon Content of Cores from Yass P.E.L. No.1 Diamond Drill Hole. (J.D. Thomas).

Tests for Natural Bitumens and Oil. (J.D. Thomas).

Natural Gas at Camden, Dural and Narellan. (H.A.J. Donegan and A.C. Brigden).

Mine Gases at State Coal Mine, Lithgow. (A.C. Brigden).

Miscellaneous Air Analyses. (A.C. Brigden).

Water from Test Bore at Dural. (H.F. Conaghan).

Dispersability of Stone Dust used to Combat Inflammability of Coal Dust Hazard. (H.A.J. Donegan and J.D. Thomas).

Tests for Boiler Efficiency. (J.D. Thomas).

Calorific Values of Some Heat Insulating Materials. (J.D. Thomas).
Technical Reports Volume 5 1957 cont.

Diesel Locomotives. (H.A.J. Donegan).

Explosion at Coal Cliff Colliery. (H.A.J. Donegan).

Elucidation of a Fire Hazard Associated with the Bearings of a Diverting Pulley. (B. Mander-Jones).

Elucidation of a Fire Hazard Associated with the Bearings of a Diverting Pulley. (B. Mander-Jones).

Mines Inspection Branch

Coalfields Branch

Report on Wind Blast Caused by Subsidence of Strata, Pelaw Main Colliery. (J. Dodds).

Sealing, Re-opening and Subsequent Re-sealing in Connection with Spontaneous Combustion, Pelaw Main Colliery. (J. Dodds).

Report on Accident Resulting from Broken Haulage Rope, Richmond Main Colliery. (J. Dodds).

Report on a Serious Shotfiring Incident, Coal Cliff Colliery. (J. Chalmers).

A Method of Dealing with Water Inflow in Large Diameter Bore Holes. (J. Chalmers).

Report on a Fatal Colliery Accident due to Electricity. (L.J. Allomes).

Technical Reports Volume 6 1957

A. Geological Reports

The Occurrence of Opal at Lightning Ridge and Grawin, with Geological Notes on County Finch. (J.W. Whiting and R.E. Relph).

The Gold-Copper deposit of Cobar, New South Wales: Central Section (Great Cobar to New Occidental). (C.J. St. Mulholland and E.O. Rayner).
The Peak Area, Cobar Mineral Field, New South Wales. (E.O. Rayner).

Geological Survey of Limestone Deposits in the Colong Area. (G. Rose).

Geological Survey of Limestone Deposit, Billy's Creek, Parish of Colong. (C.T. McElroy and G. Rose).

Scheelite near Thompsons Tank, Broken Hill District. (E.O. Rayner).

Auriferous Lodes on Mt Dromedary, near Tilba Tilba. (L.R. Hall).

Notes on the Geology of Bland Shire with Special Reference to Deposits of Road Materials. (D.W. Wynn).

Investigation of the Slag Outcrops in the Ravensworth District. (H.F. Whitworth).

Road Gravel in the Vicinity of Gloucester. (C.L. Adamson).

Bundanoon Creek Dam Site. (C.L. Adamson).

Palaeontological Determinations, 1958. (H.O. Fletcher).
Technical Reports Volume 6 1957 cont.

B. Laboratory Reports

Safety in Mines Section. (H.A.J. Donegan).
Water Analysis. (H.F. Conaghan).
Gas Analyses. (A.C. Brigden).
Gray-King Low Temperature Carbonisation Assays of Some Australian Coals. (J.D. Thomas).
Identification of Oil found in Drilling. (J.D. Thomas).
Chemistry of the Nymboida Coalfield, Far North Coast Coal Province. (J.D. Thomas).

Mines Inspection Branch

Sand Stabilisation After Beach Sand Mining, Far North Coast of New South Wales. (S.C. McDonald).
Balmain Colliery Shafts. Eliminating the Gas and Filling the Shafts. (S.C. McDonald).

Coalfields Branch

Serious Mud and Water Inrushes at Oaklands No.2 Colliery in the Riverina District of N.S.W. (M.J. Smith).
Report of Investigation into Ventilation Conditions in Continuous Miner Places in Bulli Colliery with Particular Reference to Atmospheric Dust. (M.J. Muir).
Draining of Water Accumulation in Dudley Abandoned Colliery from Burwood Colliery. (E. Buck).
Investigation of Broken Wires in Winding Rope at No.3 Shaft, Abermain No.1 Colliery. (W.C. Anderson).
Technical Reports Volume 7 1959

A. Geological Reports

The Bugaldi (Chalk Mountain) diatomaceous earth deposit, N.S.W. (R.J. Griffin).

Groundwater resources of the Port Stephens area. (R.J. Griffin).

Geophysical survey of the Phoenix Lead, Tingha. (R.J. Griffin).

Brick clays at Yass. (J.C. Lloyd).

A further occurrence of fused sedimentary rocks in the Muswellbrook district. (H.F. Whitworth).

Geological report on Sugarloaf bridge site, Sydney. (C.L. Adamson).

Hornsby "Blue Metal" quarry. (C.L. Adamson).

Radioactivity at Rock Flat, near Cooma, N.S.W. (D.W. Wynn).

Recent Developments at Woodford's uranium prospect, Gilgai, N.S.W. (D.W. Wynn).

Note on manganese deposits at Lake Innes, Port Macquarie. (R.E. Relph).

Manganese occurrence at Mullumbimby. (R.E. Relph).

Manganese occurrences at Murwillumbah. (R.E. Relph).

Edwards (or McGill's) Marble Quarry, Rockley. (R.J. Griffin).

Palaeontological determinations. (H.O. Fletcher).

B. Laboratory Reports

The Spectrophotometric Determination of Copper in ores. (H.N. Blackmore and H.F. Conaghan).

The direct Complexometric Determination of Lead in Ores. (H.N. Blackmore and H.F. Conaghan).

The Determination of Bismuth with Ethylenediamine-tetaacetic Acid. (H.N. Blackmore).

Selected Analytical Records of the Chemical Laboratory, 1959 -

1 Fire Assay Section. (K.C. Williams).
3 Water and Geochemical Section. (H.F. Conaghan).
4 Fuels Section. (J.D. Thomas).
5 Gas Analyses Section. (A.C. Brigden).

Coalfields Branch

Serious Mud and Water Inrushes at Oaklands No.2 Colliery in the Riverina District of N.S.W. (M.J. Smith).

Mines Inspection Branch

A. Geological Reports

Geological Report on Pike Creek Dam Site. (C.L. Adamson).

Sampling results at gold prospect, Tomalla, near Moonan Flat, N.S.W. (C.L. Adamson).

Blue Star copper prospect, Currowong. (R.E. Relph).

Emu Creek copper mine, Drake district, N.S.W. (D.W. Wynn).

Alluvial gold prospect, Sara River. (R.E. Relph).

Brick clays near Coonabarabran. (J.C. Lloyd).

Notes on magnesite and dolomite deposits in the Barraba district, N.S.W. (D.W. Wynn).

Kopi Hollow gypsum deposit, Menindee. (D.W. Wynn).

Construction materials resources of the City of the Blue Mountains. (C.L. Adamson).

Geological report on possible quarry sites at Evans Head. (C.L. Adamson).

Report on landslide at Sea Foam Avenue, Thirroul. (C.L. Adamson).

Geological report on Tet Fong's Quarry, Uralla. (C.L. Adamson).

Northmead metal and sand quarry. (C.L. Adamson).

Notes on some recently discovered volcanic necks between Hornsby and the Hawkesbury River. (C.L. Adamson and N.A. Trueman).
Technical Reports Volume 8 1960 cont.

Volcanic breccia near Woy Woy. (C.L. Adamson).
Valley Heights volcanic breccia deposit. (C.L. Adamson).
Quarry sites in Burrangong Shire. (C.L. Adamson).
Geological report on The Terrace, North Richmond. (C.L. Adamson).
The groundwater resources of the Lower Macleay River district. (R.J. Griffin).
The groundwater resources of the Wollombi Brook Catchment Area. (R.J. Griffin).
Groundwater resources of Scotland Island, Pittwater. (R.J. Griffin).
Groundwater resources of Sussex Inlet. (R.J. Griffin).
Groundwater resources of Ourimbah. (R.J. Griffin).
Groundwater resources of Mt Naman area, Warrumbungle Mountains. (R.J. Griffin).

B. Laboratory Reports

Implication of Metal Corrosion in Soil. (D. Mander-Jones).
Gas Analyses. (A.C. Brigden).
Waters and Geochemical Prospecting. (H.F. Conaghan).
Roasting and Cyanidation of Sample from Carcoar. (K.C. Williams).
Silver Recovery Units used in Photographic Solution Baths. (K.C. Williams).
Use of "Plastics" in Coal Mines. (H.A.J. Donegan and J.D. Thomas).
Instantaneous Outbursts of Coal and Gas. (H.A.J. Donegan, A.C. Brigden and J.D. Thomas).
Port Kembla No.2 Colliery Fire. (H.A.J. Donegan).

Clay Material from Karuah District. (R.A. Burg).

Brickmaking Material from Port Macquarie District. (R.A. Burg).

Fuel Analyses. (J.D. Thomas).

**Coalfields Branch**

Occurrence of Sulphuretted Hydrogen (H₂S) in the Seam at Hebburn No.2 Colliery. (W.C. Anderson).

**Mines Inspection Branch**

Air Receiver Explosions. (A.G. Reid).

Small Scale Leaching and Precipitation of Copper from Mines in N.S.W., a summary of the process with practical operating data. (A.G. Reid, 1963).
