

Level 3 Service Providers for designing distribution works in NSW

Current as at [Tuesday, 1 May 2018](#)

Disclaimer

This list of entities accredited for contestable connection services is published as required by clause 27 of the Electricity Supply (Safety and Network Management) Regulation 2014. The content of the list is for general information only and does not constitute any form of advice or recommendation upon which a specific decision should be made.

The Division of Resources Energy disclaims all responsibility and all liability (including without limitation, liability in negligence) for all expenses, losses, damages and costs which you might incur as a result of information being inaccurate or incomplete in any way, and for any reason.

Definitions:

Class 3A = Design of overhead electricity reticulation

Class 3B = Design of underground electricity reticulation
